Barbara A. Fryman

JAN 23, 1961 - SEP 3, 2024

FRYMAN, Barbara A., age 63, of Bellbrook, passed away Tuesday, September 3, 2024, at her residence.

Barbara earned a Bachelor's Degree in Criminal Justice from the University of Dayton. In addition, she earned a Master's Degree from the University of Cincinnati with a degree in Social Work. She retired as Diversion Director for the Greene County Juvenile Court, a career she took great pride in. She was a member of St. Francis of Assisi Catholic Church in Centerville.

Bubbly, caring, giving, and joyful, Barbara was family oriented and loved to smile and laugh. As upbeat and bubbly as she always came across to people in her everyday life, Barbara was also known to be more stern and serious in her work life. She cared deeply for the children who passed through the juvenile court system. She always insisted, especially with a wave of her finger, that they not return by staying out of trouble.

Barbara enjoyed music and theatre arts. Specifically, she enjoyed playing the flute in the pep band while attending UD and also in the orchestra at her church. In addition, she greatly enjoyed attending Broadway shows at the Victoria Theater in Dayton. With her background in criminal justice, Barbara loved watching suspense-filled crime shows on TV and reading fictional novels involving legal and crime thrillers. She especially enjoyed reading novels by John Grisham. Above all, her favorite way to spend her time was attending the events and activities of her children.

Barbara enjoyed many traditions throughout her life. During her younger days, she often visited her brother in Montana. Her mother was one of 13 children and grew up in the upper New York state area. Trips to visit her mother's family were a common occurrence and something Barbara enjoyed. In the summer months, she participated in outings and activities with the kids passing through the juvenile court system, always to ensure they had a positive influence for their future. Other traditions included Olive Garden dinners on birthdays, going to get ice cream with her children following their doctor visits, and playing cards and Dominos during family get-togethers. Among many things, Barbara will be remembered for her unique hum-like whistle she

often did, her love of hummingbirds, and the whimsical way she turned her spoon upside down while eating ice cream from Dairy Queen.

I remember my Grandma Brown (Aunt Kate to you Acra's) talking about going with Aunt Betty to visit Barb one time and they were eating lunch and Grandma being shocked when Barb jumped up pulled a pair of cuffs from her purse and went after a kid that was a juvenile that they were looking for, Grandma was just all flustered about it and said how Barb was nice to the kid and got them calm and laughing while they waited for a car to pick the kid up..I remember being young enough to think when I heard the story that for a woman to do that was amazing and Barb was a mixture of wonder woman and the bionic woman all in one. I'm 55 now and still think that and always will remember her that way. My deepest sympathy to the Fryman family. Love and hugs always Amy Meeker

I have known Barb for many years, meeting her at the juvenile court. I remember her directions and her positive interactions with the children. I would like to share the time she gave me her cat, Ernie. She would laugh at all his silly behaviors and apologized many times when he developed diabetes. Barb was a beautiful woman!

Your mom made this for me in 1987 and your Grandpa Acra built the frame. If you look closely at the bottom right corner, you will see her initials and the year. I memorized it years ago and say it to myself every time I think of her. I love you all so much. Aunt Patty
